

Project Update as of 4.18.2023

The construction crew is currently in the process of moving the Maintenance of Traffic (MOT) signage and barriers to open the NW quadrant and close down the SW. The change should be in effect this evening. That means the 6th Street entrance (at Newton St./Hwy 231) to the Square will be closed during this phase of construction. See attached [map](#) for new traffic pattern.

For specific construction questions, please contact the City of Engineering Department at 812-482-4255.
